

Target Audience

Infectious Diseases Specialists, Geriatricians, Internal Medicine Specialists, Pneumologists, Pharmacologists, Microbiologists, Public Health Specialists, Postgraduates students involved in management of infectious diseases in the elderly

Faculty Members

Dario Cattaneo, Milan, Italy
Marco Falcone, Pisa, Italy
Gaetan Gavazzi, Grenoble, France
Enrico Girardi, Rome, Italy
Angela Huttner, Geneva, Switzerland
Benedikt Huttner, Geneva, Switzerland
Dafna Yahav, Tel-Aviv, Israel
Leonard Leibovici, Tel-Aviv, Israel
Alasdair MacGowan, Bristol, UK
Giulia Marchetti, Milan, Italy
Fulvia Mazzaferrri, Verona Italy
Cristina Mussini, Modena Italy
Mical Paul, Haifa, Israel
Virginie Prendki, Geneva, Switzerland
Evelina Tacconelli, Verona, Italy
Marco Tinelli, Milan, Italy

ESCMID – ESGIE Workshop

Study Group for Infections in the Elderly

Rome
Senato della Repubblica
September 26-27, 2019

ESCMID – ESGIE Workshop

Study Group for Infections in the Elderly

Organisers

- ESGIE (ESCMID Study Group for Infections in the Elderly)
- SIMIT (Società Italiana di Malattie Infettive e Tropicali)

Course Coordinators

- Cristina Mussini, Modena, Italy
- Marco Tinelli, Milan, Italy
- Virginie Prendki, Geneva, Switzerland
- Dafna Yahav, Tel-Aviv, Israel

Workshop Objectives

This Workshop, which gather together the most important Experts in the field of Infectious diseases, aims to provide new insight and scientific exchanges on the management in the elderly population

Main topics of the Workshop are:

- Organize a European Network on the management of infections in LTCFs
- How to approach UTI and LRTIs
- HIV infection and management in elderly population
- The best diagnostic approaches for diagnosis of infections
- Share management and therapeutic models for infection control in the elderly in the hospital settings and in community
- Harmonize European strategies in the field of infection prevention and vaccination
- Monitoring and management of antibiotic therapy: PK/PD, drug-drug interactions and treatment duration
- RCTs in the elderly and the example of MERINO and PETERPEN studies
- The therapy in the end of life: modeling of antibiotic treatment

Workshop Programme

Thursday, 26 September 2019

Internal meeting LOTTA-Network

- Chairs: *C. Mussini, G. Marchetti*
- 10.00 Registration LOTTA-NET participants
- 10.30 Presenting the LOTTA network
Evelina Tacconelli and Fulvia Mazzaferri
- 11.00 Presentation of individual participants
- 11.20 Planned survey in winter 2020
Evelina Tacconelli
- 11.50 Comments on survey methods and feasibility
- 12.10 Discussion on further studies
- 12.30 Lunch break and registration

Introduction to ESGIE meeting and management of infections in the elderly

- Chairs: *D. Yahav, M. Paul*
- 13.00 Presentation of LOTTA-net and potential for research
Evelina Tacconelli
- 13.30 Elderly population what are the numbers?
Cristina Mussini
- 14.00 Antibiotics at end of life and with very poor quality of life
Benedikt Huttner
- 14.30 How to approach pneumonia in the elderly
Virginie Prendki
- 15.00 Therapeutic options for pneumonia: not only antibiotics
Marco Falcone
- 15.30 Coffee Break
- Chairs: *F. Mazzaferri, M. Tinelli*
- 16.00 Drug-drug interactions in the elderly
Dario Cattaneo
- 16.30 What's new on HIV in the elderly
Cristina Mussini
- 17.00 Discussion

Friday, 27 September 2019

Principles of infection and antibiotic treatment in the elderly population

- Chairs: *G. Gavazzi, V. Prendki*
- 09.00 Duration of antibiotic treatment for different infections
Angela Huttner
- 09.30 UTIs
Leonard Leibovici
- 10.00 TB management in the elderly
Enrico Girardi
- 10.30 Coffee Break
- Chairs: *M. Falcone, M. Tinelli*
- 11.00 Diagnosis of infection in the elderly
Dafna Yahav
- 11.30 PK/PD issues in the elderly
Alasdair MacGowan
- 12.00 Vaccinations in the elderly
Gaetan Gavazzi
- 12.30 Lunch break

Transition of care and research

- Chairs: *A. Huttner, L. Leibovici*
- 13.30 How to include elderly in RCTs. The example of MERINO and PETERPEN studies
Mical Paul
- 14.00 Infections in the transition of care: from Hospital to LTCF
Marco Tinelli
- 14.30 Case presentation and discussion
Fellow
- 15.30 Closing remarks

Organization

Course Venue

Senato della Repubblica
Sala dell'Istituto di Santa Maria in Aquiro
Piazza Capranica - Rome, Italy

Registration Procedure

Register on the EFFETTI website at www.makeevent.it by 15 July 2019

Registration Fees

- EUR 400 for ESCMID members
 - EUR 600 for all others
- Fees include Workshop material, lunches, coffee breaks and dinner September 26, 2019

Attendance Grants

ESCMID provides a number of attendance grants for ESCMID «young scientist members». The grant covers the registration fee. Scholarship requests are to be sent to the Provider Effetti. Applicants will be informed about their acceptance by July 2019

CME Accreditation

The Workshop has been accredited to the Italian Accreditation (Agenas) for Continuing Medical Education and an application has been made to the UEMS-EACCME for CME accreditation of this event
